ME THE SELFIE MACHINE AT SANREMO WEDDING, THE FORMAT TO PRESENT THE WEDDING-THEMED TRENDS

on 18 October 2018

ME the Selfie Machine was installed in the romantic setting of Villa Ormond for the event Sanremo Wedding, a presentation of trends for ceremonies, with a fashion shows from great designers, gala dinner, cutting of the cake and other presentations of tools and ways to animate and make unforgettable wedding and receptions. ME presented itself as a mean of entertainment, making smiling and immortalizing the memories of those present at the event, including Vice-Miss Russia, who shoot her selfie using ME's new function, that includes a series of stickers to add to your photo. Personalization, involvement and new functions, ME set itself as the perfect tool for all ceremonies and events.
